

Amateur Radio License Preparation Classes

This is a series of classes to prepare students for the Element 2 (Technician) entry-level amateur radio license test.

The classes are sponsored by the Athens County Amateur Radio Association (ACARA) and Athens High School Amateur Radio Club (AHSARC) to introduce participants to the hobby of amateur radio and to provide trained operators to assist agencies such as the Red Cross and Emergency Management Agency during disasters.

Dates/Time: Mondays, January 7 to March 11, 2013 (Testing date) from 7:00 to 9:00 PM. Test registration begins 6:30 PM

Location: Athens High School Room B106 (Old Home Ec Lab)

Cost: The ARRL Ham Radio License Manual, 2nd ed. book (approx. \$29), available through the ACARA (approx. \$24). Test fee \$15. No tuition charge. No Morse code equipment required.

Contact: Pre-register with Jeff Slattery, N8SUZ, 740-797-4521, online at <http://www.ac-ara.org> or by e-mail at n8suz@arrl.net

Topics: Introduction and Commission's rules, methods of communication, radio phenomena, basic communication electronics, good engineering practices, station licensee and control operator duties, good operating practices, special operations, electrical, antenna and RF safety

ACARA Hamfest: Sunday, April 28, 2013, 8:00 AM to 2:00 PM
